### ADVISORS

**Mr. Salman F Rahman, MP**  
Vice-Chairman  
Beximco Group of Companies

**Mr. Mizanur Rahman Sinha**  
Managing Director  
The ACME Laboratories Ltd.

**Mr. Tapan Chowdhury**  
Managing Director  
Square Pharmaceuticals Ltd.

**Mr. M A Hassan**  
Chairman & Managing Director  
Aristopharma Limited

### CHAIRMAN

**Mr. Nazmul Hassan, MP**  
Managing Director  
Beximco Pharmaceuticals Ltd.

### CONVENOR

**Mr. S M Shafiuzzaman**  
Managing Director  
Hudson Pharmaceuticals Ltd.

### JOINT CONVENOR

**Mr. Md. Harunur Rashid**  
Chairman & Managing Director  
Globe Pharmaceuticals Ltd.

**Dr. Momenul Huq**  
Managing Director  
General Pharmaceuticals Ltd.

### MEMBERS

**Mr. Abdul Muktadir**  
Chairman & Managing Director  
Incepta Pharmaceuticals Ltd.

**Mr. Muhammad Halimuzzaman**  
Deputy Managing Director & CEO  
Healthcare Pharmaceuticals Ltd.

**Mr. Md. Ebadul Karim, MP**  
Managing Director  
Beacon Pharmaceuticals Ltd.

**Mr. M Mosaddek Hossain**  
Managing Director  
UniMed & UniHealth Pharmaceuticals Ltd.

**Mr. M A Haider Hussain**  
Managing Director  
Drug International Ltd.

**Mr. Kh. Tarique-ul-Islam**  
Managing Director  
Medimet Pharmaceuticals Ltd.

**Mr. Md. Abdur Razzaq**  
Managing Director  
NIPRO-JMI Pharma Ltd.

**Mr. S. M. Rabbur Reza**  
Managing Director  
Nuvista Pharma Ltd.

**Mr. M Mohibuzzaman**  
Managing Director  
ACI Healthcare Ltd.

**Mr. Mojibul Islam**  
Managing Director  
Amico Laboratories Ltd.

**Dr. Md. Zakir Hossain**  
Managing Director  
Delta Pharma Ltd.

**Dr. Md. Anwarul Azim**  
Managing Director  
Biopharma Limited

**Mr. Paresh Jhurmarvala**  
CEO  
GPE Expo Pvt. Ltd.

**Chief Guest:**  
**Mr. Nazmul Hasan, MP**  
**President,**  
Bangladesh Association  
of Pharmaceutical Industries  
**President,**  
Bangladesh Cricket Board

*The Bangladesh pharma industry grew 12 to 15% last year and 1,500 medicines have been registered worldwide. We hope that drug exports would increase significantly in the coming years. In the current situation of LDC graduation period, Bangladesh pharma industry is offering medicines at very negligible cost bypassing the royalty fees. If the government gives registration of patented drugs before LDC graduation, the royalty fees can be escaped. The price of medicine hasn't gone up that much when compared to our production expenses. Besides, you cannot just hike up the prices of medicine as we have to take into consideration people's purchasing power. So we all have to work together to provide quality medicines at low prices in such difficult times. Sri Lanka and Pakistan are suffering from a shortage of drugs. Bangladesh is in a much better situation than them. By working together, we will be able to overcome this difficult situation. Despite the tough times, the pharma industry grew by 12 to 15% last year. We are trying to ensure that there is no shortage in the supply of medicines*

## **In brief:**

### **Bangladesh pharma manufacturing industry:**

The pharmaceutical sector of Bangladesh is progressing in multifold. Apart from meeting the domestic demands of pharma formulations, the pharma industry is also earning huge foreign exchange from the exports. With the existing market value of about USD 3 billion, the Bangladesh pharma manufacturing industry is rapidly marching ahead with great potential as 98% of the country's total demand for medicine is being met by nearly 300 domestic manufacturers, which is a milestone in the history of the Bangladesh pharmaceutical industry. At the same time, these local manufacturers are exporting as well to more than 127 countries across the world.

The anticipated market size of the Bangladesh pharmaceutical industry is more than USD 6 billion by 2025 with an absolute growth of 114% from 2019 levels, while the pharma exports of Bangladesh is likely to cross USD 450 million by 2025. The share of the local manufacturing companies is above 90%.

As the pharmaceutical industry is already announced as a promising sector by the Hon. Prime Minister Sheikh Hasina, since it is contributing much to the improvement of country's economic growth. Bangladesh has undoubtedly emerged as one of the fastest growing pharma-economy in global markets, and the momentum of growth further accelerated by 17 years long extension till year 2033 by WTO / TRIPs to continue the patented pharma formulations.

An encouraging development is more than 47 units at API Manufacturing Park are coming up near Dhaka.

**Special Guest:**  
**Major General**  
**Mohammad Yousuf**  
**Director General,**  
Directorate General of Drug  
Administration (DGDA)

*Providing drugs at low cost is a big challenge for us now. Despite the increase in material prices, the price of medicines has not gone up that much. If Bangladesh can produce own raw materials and get a pattern before the LDC graduation, the prices might be control post LDC graduation phase. The government has already given all sort of support including tax rebate in raw material import and 20 percent incentive on export.*

## **Demand for the Quality Assurance and Quality Products increases during the 14th ASIA PHARMA EXPO 2023**

**The 14th ASIA PHARMA EXPO 2023 (APE 2023) & ASIA LAB EXPO 2023, international exhibitions on COMPLETE pharma manufacturing technologies concluded at ICCB, Dhaka, Bangladesh. The 3-days Exhibition was held from March 2 to 4, 2023 at Dhaka. The Exhibition celebrated 21 highly successful years in Bangladesh and helping to develop the pharmaceutical industry of Bangladesh and making significant contribution to Bangladesh economy.**

BAPI President, Nazmul Hassan, MP inaugurated the exposition as the Chief Guest. Director General of Drug Administration (DGDA) Major General Mohammad Yousuf was the Special Guest. Mr Ravi Uday Bhaskar, Director General, PHARMEXCIL was the Guest of Honour alongside the high officials from various pharma companies.

High-speed machinery, latest innovations, newer technologies and export-oriented production machinery were the main attractions for the trade visitors.

ASIA PHARMA EXPO and ASIA LAB EXPO - an international exhibitions are being jointly organized by the Bangladesh Association of Pharmaceutical Industries and GPE EXPO PVT LTD at Dhaka, Bangladesh since 2003, offering an unparalleled international business and technologies platform specifically to the entrepreneurs and the corporate giants manufacturing and exporting the pharma medicines globally. The Exhibitions are nurturing the growth by empowering the local pharma and allied manufacturing industries on technological aspects to scale up the manufacturing practices. An overwhelming response by the local Business Associates as well technology solution providers from outside Bangladesh was noticed.

At ASIA PHARMA EXPO 2023 and ASIA LAB EXPO 2023, more than 658 exhibiting companies from 32 countries across the world participated to showcase their latest technologies to upgrade the pharma manufacturing standards of Bangladesh to a newer height. The 3-days long Exhibitions of 2023 edition were attended by more than 12,000 trade visitors to explore the complete spectrum of latest pharma manufacturing technologies & products on display, which include; PROCESSING Machineries for formulation & API manufacturing, PACKAGING Machineries & Materials, CLEANROOM & Utility Equipments & Services, WATER TREATMENT & Management Systems, ANALYTICAL & BIOTECH Lab Instruments, PROJECT Consultants & Turnkey Contractors, API, Pharma Bulk Actives, Excipients, Additives & many more.

The Exhibitions were jointly organized by Bangladesh Association of Pharmaceuticals Industries (Bangladesh Aushad Shilpa Samity) in collaboration with GPE EXPO PVT. LTD. and Alliant Ltd. and Supported by EEPC INDIA and PHARMEXCIL through their respective India Pavilions encompassing 92 exhibiting companies.

**Mr. A Muktadir**

**Vice President**  
Bangladesh Association  
of Pharmaceutical Industry  
**Managing Director**  
Incepta Pharmaceuticals Ltd.

ASIA PHARMA EXPO Exhibitions are benefited in a great way, as we can see many different exhibitors, both from our neighbouring countries and also from other part of the world – Europe and the American continent are participating. I urge the Bangladesh pharma manufacturers to increase their exports not only in regulated markets, but also in emerging markets, as well. The drug prices in Bangladesh have increased only slightly in comparison to the price hike of raw materials. Bangladesh can grab the opportunity as the crisis has been prevailing in the pharma sector in different countries, including developed countries like Europe. We need to increase our exports to save foreign exchange. Also, if API raw materials are produced locally, we will be able to save more and we are going towards that direction. I am sure, in the coming years, the profitability will increase, increase in exports, and the pharma industry will become a major contributing factor for the economy of Bangladesh. And hopefully, the Bangladesh pharma industry will become a fully developed country by 2041.

**ASIA PHARMA EXPO 2023**  
concluded with completing  
successful 21 years as  
the growth partner for  
Bangladesh pharma  
manufacturing  
industry

**South East Asia's LARGEST MOST**  
**Showcase on pharma manufacturing..**

**Out of 658 exhibiting companies,**  
**98.4% wanted to exhibit at APE 2024**

**Exhibiting Companies at ASIA PHARMA EXPO 2023**

- International Exhibitors
- Local Exhibitors

**What brings back these exhibitors back..?**

- Manufacturing
- Agents / Associates / Channel Partners
- General Market Orientation

**Visitor Profile**

- Purchase & Vendor Development
- CEO, Managing Director
- Sales, Marketing, Research
- Production, Manufacturing
- Technical Engineering
- Govt., Embassies, Academics

**APE 2023 emerged as the technology solution provider business event with its 14th edition providing trade platform for 658 exhibiting companies from 32 countries..**

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

## Mr. Paresh Jhurmarvala

**Co-organizer**  
ASIA PHARMA EXPO  
**CEO**  
GPE EXPO PVT. LTD.

While discussing the future of the local Bangladesh industry, strong actions are needed to ensure sustainability during the post-LDC era. Presently, developed countries are facing a crisis as labour is highly expensive there while Bangladesh can reap the benefits with ensuring more and more contract manufacturing for the companies in developed countries. It will provide two-way benefits, a no risk business approach and also no worry with patent issues after LDC graduation. At a time when the country is going to graduate from the LDC status, contract manufacturing is the best way before getting fully prepared for the days like the pharma industry of India is doing.

## 658 Exhibiting Companies

from **32 Countries**, including

- USA
- Germany
- France
- Singapore
- The Netherlands
- China
- Japan
- Taiwan
- Thailand
- India
- UAE
- Vietnam
- South Korea

**12,000+** Trade Visitors

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

*I, on behalf of the Bangladesh Association of Pharmaceutical Industries, thank the Hon. Prime Minister Shaikh Hasina approved 10% incentive for formulation and 20% incentive for API. ASIA PHARMA EXPO 2023 has come up with a large number of participation from repeat and first time exhibiting companies, ensuring your visit is more informative and meaningful.*

**Mr. S.M. Shafiuzzaman**  
Secretary General  
Bangladesh Association  
of Pharmaceutical Industry

*Bangladesh has always followed a pro-patient policy. Bangladesh is one of the first countries, who have adopted the essential medicines' list from WHO. Bangladesh is having advantage of being LDC status till 2032, to take maximum benefits. Bangladesh and India should collaborate and work together to support the global population, who cannot afford medicines at high prices, as affordability and patient centric policy always play a crucial role.*

**Mr. Ravi Uday Bhaskar**  
Director General – PHARMEXCIL

*The ASIA PHARMA EXPO 2023 was a successful one. We're making pre-fabricated manufacturing facility technology affordable and accessible to anyone looking to rapidly build or scale biopharma manufacturing capability. Bangladesh Association of Pharmaceutical Industries' proactive role in helping the pharmaceutical industry grow faster. More trained and skilled manpower should be built up to uplift the industry.*

**Mr. Aasif Ahsan Khan**  
Founder - PodTech Lifecare & G7  
Universal, UAE

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

ASIA PHARMA EXPO helps the local distributors and production companies to come in touch with all sorts of pharma related companies under one platform, where they can learn about newer technologies, how the tech-world is evolving about supplies and gather knowledge about more sources to bring quality products. It also helps analyze the local market and where it is going towards.

**Mr. Rakib Ahemd**  
Director  
Maritime Entrepreneurs Pte Ltd.

Among our 27 partners exhibiting partners, two companies from Italy and UAE exhibited in 2023 for the first time in the ASIA PHARMA EXPO Exhibition. They show interest to participate in the Expo next year seeing a huge potential of the drug market in Bangladesh. As we showcased wide range of machineries during the Expo, it is difficult to name one, but machines with the latest technologies for smooth operation are having the most queries.

**Mr. Isa Khan**  
Associate Director  
Saka International

We are proud to participate at the ASIA PHARMA EXPO, Bangladesh exhibitions for many years. The Exhibition offers a fruitful exchange of pharma insights for pharma business. We acknowledge the Organizers for their hard efforts to make such an event highly successful and result oriented.

**Mr. Marcel Menhorn**  
Area Sales Manager  
Bausch+Ströbel SE + Co. KG  
Germany

While exhibiting at the ASIA PHARMA EXPO 2023 that the good sign was that all the people were experiencing the technologies in person, not in digital means. For the pharma sector in Bangladesh, the good sign is that they are demanding for the products shifted to quality machines. Bangladesh has huge manpower and for the sustainable growth of the sector they need skilled manpower. Demands are showing that the clients in Bangladesh are focusing on exports as their future plan. But there is a crisis, not only for Bangladesh, but also for the global ones, so the country needs to find a way so that the growth of the sector could not be halted.

**Mr. Ingo Küsel**  
Area Sales Manager  
L.B. Bohle Maschinen und  
Verfahren GmbH

As we - CMS GLOBAL, based in UAE, the ASIA PHARMA EXPO 2023, Bangladesh Exhibition provided us a remarkable platform for exploring the growing pharmaceutical market of Bangladesh. We had a great opportunity to meet and discuss over a coffee with the representatives from numerous pharma industries and diverse stakeholders like designers, consultants, distributors, suppliers, etc. The overall enthusiasm and acceptance we received for our air filters and various HVAC products were astonishing.

**Dr. Giri Nandagopal**

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

Firstly, I would like to compliment the Bangladesh Association of Pharmaceutical Industries, EEPIC INDIA, PHARMEXCIL and GPE

Expo Team for the grand success of recently concluded Asia Pharma Expo 2023 and Asia Lab Expo 2023 at Dhaka, Bangladesh. This show, which was flagged off by GPE EXPO PVT LTD and Bangladesh Association of Pharmaceutical Industries in 2003 with a visionary thought and consistent efforts has registered unprecedented growth & success.

The Exhibition - ASIA PHARMA EXPO 2023 - in particular was highly successful as around 658 exhibitors participated from 32 countries where. The best part of the Exhibition was the huge footfall of around 12,000 and a large share of which were Indian exporters and especially engineering product exporters. Without wasting time, all stakeholders along with the business houses have taken various measures to address the difficulties exporters were facing by organizing such international Trade Exhibitions.

**Mr. Arun Shukla**  
Director  
Vishwakarma Engineering

Bangladesh is the fastest growing pharma manufacturing market, and we supply our products to most of all major companies in the country. The Exhibition - ASIA PHARMA EXPO offers an opportunity to meet and discuss face to face with our customers and prospects about their requirements. The Exhibition gathers us all and to sit down together and have these broad panels of opportunities, and we are proud of our participation.

**Mr. Oliver Patat**  
Regional Sales Director  
TEREOS  
France

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

*I congratulate the Bangladesh pharma manufacturing sector to achieve such phenomenal growth in the world pharmaceutical arena through lots of efforts and patients. In my early days visiting Bangladesh, way back in 1988, there were hardly 80 pharma manufacturing factories, and today, by staying for one month, the period would be too less, to cover up the entire pharma industry of Bangladesh. ASIA PHARMA EXPO has rightly entered at the right time in the Bangladesh pharma industry, giving the chance to all pharma machinery manufacturers to enter the market. With state of art technologies at the manufacturing facilities of various companies, have got necessary international regulatory approvals and exporting pharma products worldwide. Wishing the Bangladesh pharmaceutical industry tons of success to come up to newer heights.*

**Mr. P H Vachharajani**  
Sr Vice President  
Cadmach Machinery Co. Pvt. Ltd.

*It is nice to attend the customers interested in quality products are increasing. Looking to the inquiries, at the ASIA PHARMA EXPO 2023 is as much as thrice of previous three years. The customers are asking about the certification of the products, their current market, scope of customization and further enhancement, and so on. But nearly three years back, it was limited to one area - cheaper machinery. The customers' demand, solid oral are more established in Bangladesh and so the demand for the machinery and ingredients for producing oral products are very high.*

**Mr. Nitesh Shah**  
Business Director  
(Asia South - Healthcare)  
Evonik Operations GmbH

# 14<sup>th</sup> asia ASIA PHARMA EXPO LAB EXPO ICCB Dhaka BANGLADESH

*The pharma manufacturing market in Bangladesh is vibrant, colorful and fast growing. Besides some difficulties due to the current global situations, Bangladesh remains one of the important countries for the pharma manufacturing in Asia. We thank the Organizers of this strategic Event, as it gives us the possibilities to explore better the potentials and dynamics of this crucial market.*

**Mr. Luca Cevenini**  
Marchesini Group S.p.A.  
Area Manager  
Italy

*I am attending ASIA PHARMA EXPO since 2015. But an overall demand for the items related to the solid oral production is high in 2023.*

**Mr. Harald Kaufmann**  
Area Sales Manager  
(Sales - Pharma Solid),  
Syntegon Technology GmbH,  
Germany

*We have got a very good response. I am sure, the sales through generated through the inquiries will gain pace in short term future.*

**Mr. Rahim Maiuddin**  
Bismillah Industrial and  
Automation and Engineering
