## In brief:

### Bangladesh pharma manufacturing industry:

The pharmaceutical industry in Bangladesh has undergone remarkable growth, transforming from a primarily import-dependent sector to a key global player in the production of generic drugs. Building from strength to strength, the pharmaceutical industry has grown from about USD 25 million in 1982 to about USD 3 billion as of June 2020. Driven by the increasing purchasing power of the domestic population, the domestic pharmaceutical market is forecasted to exceed USD 6 billion by 2025.

Bangladeshi pharmaceutical companies have expanded their market reach significantly, contributing substantially to the country's export earnings. The industry's success in exporting pharmaceuticals to diverse countries, including developed nations, underscores its competitiveness on the global stage.

In Bangladesh, the pharmaceutical sector is one of the most developed hi-tech sectors within the country's economy. After the promulgation of Drug Control Ordinance - 1982, the development of this sector was accelerated. The professional knowledge, thoughts and innovative ideas of the pharmaceutical professionals working in this sector are the key factors for these developments. Due to recent development of this sector, it is exporting medicines to global market including American and European market. Leading pharmaceutical companies are expanding their business with the aim to expand export market. Recently few new industries have been established with high tech equipment and professionals which will enhance the strength of this sector.

It should be noted that now world-class medicines are being produced in Bangladesh and it is possible to meet 98% of the total domestic demand of the country. Furthermore, Bangladesh's high-quality medicines are being exported to 157 countries worldwide.

The pharmaceutical industry in Bangladesh has experienced remarkable growth, positioning itself as a key player in the global market. With a focus on generic drug manufacturing and a robust regulatory framework overseen by authorities such as the Directorate General of Drug Administration (DGDA), Bangladesh ensures adherence to international quality standards, fostering market access for its pharmaceutical products. The industry's success in exporting pharmaceuticals to diverse countries, coupled with significant investments in research and development, underscores its competitiveness and commitment to innovation. However, challenges such as global competition and the need for continued technological advancements remain. Nevertheless, with ongoing government support and the dedication of registered pharmacists across various grades, the industry is poised for sustained growth and continued contributions to the nation's healthcare landscape.

### Chief Guest:

#### Dr. Samanta Lal Sen, MP

Hon. Minister of Health & Family Welfare  
Govt of People's Republic of  
Bangladesh

*If medicines are made available, we can do good for patients. Maintain affordable medicine prices and to produce health equipment domestically. This would ensure accessibility to medical services throughout the country. People will benefit if medical equipment and devices are produced in the country. Also, there is potential for exporting locally manufactured medical equipment abroad. Therefore, the country's pharmaceutical companies must prioritize the production of medical devices and equipment. The substantial expenses involved in importing items like heart rings, catheters, and various other equipment from abroad. This imposes a financial strain on the patients. Medical devices are not manufactured in our country, so we have to import medicines from abroad. As a result, the cost increases several times. If it can be manufactured in the country, then treatment will be easily available in the country. I am calling on different companies to take initiatives in this regard.*

*I want everyone's cooperation for the improvement of the health sector. I want to make the health system beautiful. If the cost of medicines can be made affordable, we can do good for common patients. However, no decision has been made yet to reduce or increase its price. It will be informed after discussion among themselves.*

## Mr Nazmul Hassan, MP

Hon. Minister for Youth and Sports  
Govt of People's Republic of  
Bangladesh

*The medicine that is not of good quality is not medicine at all. Quality should be given importance first. There is no doubt about the potential of the pharmaceutical industry in the country. Medicines are being sent abroad to meet the needs of the country. I have sent it even during the Corona period. Now we have to focus on quality. If we do not work together in the health sector, there may be danger. On the other hand, we have not increased the price of drugs as the production cost of drugs has increased. However, in those places where the price of medicine needs to be adjusted, it will be adjusted.*

*The health sector of Bangladesh is one of the sectors that will face the most challenges after the country graduates from the LDC status in 2026. Bangladesh is set to exit the list of least developed countries in 2026. The country will not be able to enjoy the privilege it is getting in pharmaceutical manufacturing after 2026. Being a member of WTO, Bangladesh will not be able to enjoy the facility of manufacturing medicines after 2026. Adequate and strong preparations are needed to face the potential and significant challenges during this transition. A robust preparation is required to address the impending future challenges.*

## Maintain affordable quality medicine prices and to produce health equipment domestically would ensure accessibility to medical services throughout the country.

The 15th ASIA PHARMA EXPO 2024 (APE 2024) & ASIA LAB EXPO 2024, international exhibitions on COMPLETE pharma manufacturing concluded at BBCFEC, Purbachal, Dhaka, Bangladesh. The 3-days Exhibition was held on February 29 & March 1 – 2, 2024 at Dhaka. The Exhibition celebrated 22 highly successful years in Bangladesh and helping to develop the pharmaceutical industry of Bangladesh and making significant contribution to Bangladesh economy.

Hon. Minister of Health and Family Welfare Dr. Samanta Lal Sen, MP was present as the Chief Guest at the opening ceremony. Mr Nazmul Hassan, MP Hon. Minister of Youth and Sports and Bangladesh Cricket Board President was present as a Guest of Honour.

The event was also welcomed by esteemed Special Guests Mr AHM Ahsan - Vice Chairman of the Export Promotion Bureau (EPB) and Major General Mohammad Yousuf - Director General of the Drug Administration Department (DGDA).

Mr A Muktadir - President, Bangladesh Association of Pharmaceutical Industries (BAPI) & Managing Director, Incepta Pharmaceuticals Ltd made a welcome note of the inauguration ceremony.

Mr SM Shafiuzzaman, Secretary, General of the Bangladesh Pharmaceutical Industry Association, provided the closing remarks. Mr Muhammad Halimuzzaman, Treasurer - BAPI and Mr Paresh Jhurmarvala, CEO - GPE EXPO PVT LTD, along with other international delegates, also shared their insights during the event.

Mr James Cao, Director, LEFANCAPS (Canada) and Mr Klaus Moeller, Head of Sales & Services - Process Technology Pharma, GLATT GmbH (Germany) were the international exhibitors - shared their views during the Opening Ceremony, and recognized the importance and promising future growth of the Bangladesh pharma manufacturing industry.

High-speed machinery, latest innovations, newer technologies and export-oriented production machinery were the main attractions for the trade visitors.

ASIA PHARMA EXPO and ASIA LAB EXPO - an international exhibitions are being jointly organized by the Bangladesh Association of Pharmaceutical Industries and GPE EXPO PVT LTD at Dhaka, Bangladesh since 2003, offering an unparalleled international business and technologies platform specifically to the entrepreneurs and the corporate giants manufacturing and exporting the pharma medicines globally. The Exhibitions are nurturing the growth by empowering the local pharma and allied manufacturing industries on technological aspects to scale up the manufacturing practices. An overwhelming response by the local Business Associates as well technology solution providers from outside Bangladesh was noticed.

At ASIA PHARMA EXPO 2024 and ASIA LAB EXPO 2024, more than 751 exhibiting companies from 36 countries across the world participated to showcase their latest technologies to upgrade the pharma manufacturing standards of Bangladesh to a newer height. The 3-days long Exhibitions of 2024 edition held at the new venue at Purbachal, Dhaka with the building infrastructure meeting the international standards, were attended by more than 14,312 trade visitors to explore the complete spectrum of latest pharma manufacturing technologies & products on display, which include; PROCESSING Machineries for formulation & API manufacturing, PACKAGING Machineries & Materials, CLEANROOM & Utility Equipments & Services, WATER TREATMENT & Management Systems, ANALYTICAL & BIOTECH Lab Instruments, PROJECT Consultants & Turnkey Contractors, API, Pharma Bulk Actives, Excipients, Additives & many more.

The Exhibitions were jointly organized by GPE EXPO PVT LTD in collaboration with the Bangladesh Association of Pharmaceuticals Industries (Bangladesh Aushad Shilpa Samity) and Alliant Ltd (Local Associate) and Supported by EEPC INDIA and PHARMEXCIL through their respective India Pavilions encompassing 69 exhibiting companies.

# ASIA PHARMA EXPO 2024 concluded with completing successful 22 years as the growth partner for Bangladesh pharma manufacturing industry

South East Asia's LARGEST MOST Showcase on pharma manufacturing..

## Mr A Muktadir

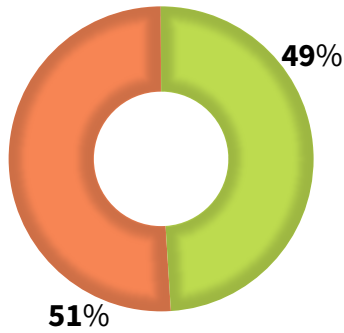

President, Bangladesh Association of Pharmaceutical Industries (BAPI)  
Managing Director,  
Incepta Pharmaceuticals Ltd

The participation at ASIA PHARMA EXPO 2024, Bangladesh Exhibition is of a remarkable total of 751 companies from 36 countries, including major players like America, China, Korea, England, Germany, Malaysia, India, Thailand, Italy, Japan, Switzerland, Taiwan, Ireland, and of course, Bangladesh.

Compared to the international market, the price of medicines in Bangladesh are 30 per cent lower. The prices of raw materials of medicine, packages and salaries of workers have increased in the last four years. Still, we are selling the medicines at the previous price (when the dollar rate was BDT 86), which is 30 per cent less than the international market prices. Prices of few medicines have been adjusted not hiked, some others would be adjusted with the current dollar rate.

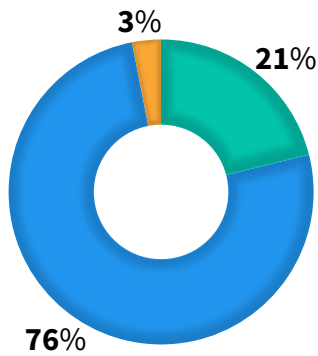

Out of 751 exhibiting companies, 99.2% wanted to exhibit at APE 2025

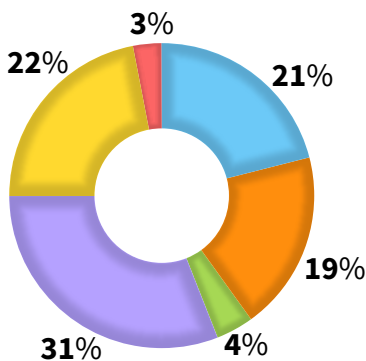

### Exhibiting Companies at ASIA PHARMA EXPO 2024

- International Exhibitors
- Local Exhibitors

### What brings back these exhibitors again..?

- Manufacturing
- Agents / Associates / Channel Partners
- General Market Orientation

### Visitor Profile

- Purchase & Vendor Development
- CEO, Managing Director
- Sales, Marketing, Research
- Production, Manufacturing
- Technical Engineering
- Govt., Embassies, Academics

**APE 2024 emerged as the technology solution provider business event with its 15th edition providing trade platform for 751 exhibiting companies from 36 countries..**

## Mr. Paresh Jhurmarvala

Organizer - Asia Pharma Expo  
CEO - GPE Expo Pvt Ltd

*ASIA PHARMA EXPO 2024 - what we are witnessing today is the result of the efforts of more than 20 years.. In 2003, we launched this Exhibition with the vision of Bangladesh Association of Pharmaceutical industries. During our initial visits to Bangladesh, people used to laugh at us as "Why Bangladesh..? There are so many developed countries in the world.."*

*ASIA PHARMA EXPO and ASIA LAB EXPO - a single platform to showcase and explore variety of products & services which are needed in day to day pharma manufacturing - Technology, API & Pharma Chemicals, QA - QC Equipments & related services, and many more, and all these are considered as the backbone for a healthier pharma and healthcare industry. If you do not get the right product / application at the right time, these industries cannot succeed. All these 751 exhibiting companies from 36 countries that are exhibiting at ASIA PHARMA EXPO 2024 are the backbone and growth engines for the pharma manufacturing industry.*

*The objective of launching ASIA PHARMA EXPO was very clear. Normally, in the international exhibitions happening overseas, they are attended by a limited number of top level management professionals, and down below the line professionals never used to get an opportunity of exposure to the latest technologies. ASIA PHARMA EXPO, happening at the doorsteps of Bangladesh offers enormous opportunities to the entire pharma fraternity to walk in and interact with the technology solution providers on one to one basis. We have specially invited the pharmacy students from various universities through the Pharmacy Council of Bangladesh so that they can experience the technology and imagine the future of the Bangladesh pharmaceutical industry. In future, we will have a special Pavilion on innovative activities to be showcased to the industry with the aim to have more insightful inputs in their innovations and to attract the financial venture companies and invest and promote such start-up activities, as well to grow the vision of the young entrepreneurs.*

*We have already started positioning the Bangladesh pharma industry on global markets, like at Jordan, Kenya, and many more locations to support the export promotions of Bangladesh.*

## INDIA PAVILION BY EEPC INDIA AT ASIA PHARMA EXPO 2024

The INDIA PAVILION was organized by EEPC INDIA at the 15th ASIA PHARMA EXPO 2024 international exhibition on complete pharma manufacturing, which was held from 29th February 29 to March 2, 2024 at BBCFEC, Dhaka, Bangladesh.

The India Pavilion was inaugurated by Mr Pratik D. Negi, First Secretary (Eco & Commerce), High Commission of India in Bangladesh. The First Secretary (Eco & Commerce) interacted with the officials of EEPC India and many Indian exhibitors participating under the EEPC India banner. Mr Sudhakaran Nair, Senior Deputy Director and Mr Abhishek Bhowmik, Senior Assistant Director visited booths of all the participants and took their feedback.

At the INDIA PAVILION, 46 member companies of EEPC INDIA participated through the MAI Scheme of MOC & I, Govt. of India, and displayed wide range of engineering products and services like, Machineries for Processing and Packaging & Materials, Analytical & Biotech Lab Instruments, API Manufacturing Plants & Equipment, etc. More than 14,000 Nearly trade visitors attended the 3-days show. The Indian Medical Devices industry is currently valued at around USD 10 billion and has been growing at an average rate of 15% for past couple of years. It is strongly believed that growth will outperform the current pace, resulting in the Indian Medical Device market reaching close to USD 25 billion by the year 2025.

### Concurrent Event:

ASIA LAB EXPO 2024

### Exhibitors' Feedback:

More than 80% of the exhibitors rated INDIA PAVILION at ASIA PHARMA EXPO 2024 a most successful exhibition.

- 8 companies were able to appoint agents.
- Many companies are already doing business through associates / local partners in Bangladesh market with offices in Dhaka.
- 35 participants found the quality of business visitors good and satisfactory, while 11 companies found the quality was excellent.
- 19 companies were very satisfied with the business conducted by them during the show while 20 expressed satisfactions about the business. 7 companies expressed that the business could have been better.
- 28 companies mentioned that buyers' / delegates' turnout was excellent.
- 40 participants expressed their desire to participate in the next similar event organized by EEPC India.
- Nearly 80% participants liked the design and planning of the exhibition and were happy with the arrangements done by EEPC India.

India Pavilion was spread in 2 halls and exhibitors were allocated spaced according to their product profile. In general, India Pavilion witnessed a very impressive display of products by the exhibitors.

Ministry of Commerce and Industry  
Government of India

**EEPCINDIA**  
ENGINEERING THE FUTURE

## GLIMPSES OF THE INDIA PAVILION

India Pavilion at Asia Pharma 2024 inaugurated by Mr Pratik D. Negi, First Secretary (Eco & Commerce), High Commission of India in Bangladesh. Mr Arun Shukla, Dy Regional Chairman (NR), EEPC India (to the left of Mr Negi, Mr Ratan Singhania, - Convenor of Pharmaceutical Machinery, Medical and Surgical Equipments, Product Panel EEPC India (far right) Mr Sudhakaran Nair, Senior Deputy Director, EEPC INDIA, (far left) Mr Abhishek Bhowmik, Senior Assistant Director, EEPC INDIA, (2nd from left) were also present.

**Mr AHM Ahsan**

Vice Chairman  
Export Promotion Bureau (EPB)  
Bangladesh

*We, the Export Promotion Bureau (EPB), are happy to be a partner for ASIA PHARMA EXPO 2024 – an international exhibition. We are very happy and congratulate the Organizers – GPE and Bangladesh Association of Pharmaceutical Industries for overall arrangements and organizing successfully this Exhibition for more than 21 years in Bangladesh.*

*We all are well aware that Bangladesh has achieved phenomenal figures in economic and social development in the last 50 years. Exports from Bangladesh have played most significantly. Contribution of exports to Bangladesh GDP is around 15%. Pharmaceutical is one of the most potential sectors among the industries. During the past seven months, Bangladesh has had an export growth of more than 10% against the national average is 2 to 3 percent. During 2023, the Bangladeshi pharma companies through EPB participated in Kenya (East African pharma markets) and Jordan (the Middle East pharma markets) encouraging the pharma exports from Bangladesh in the respective regions.*

The pharma manufacturing industry of Bangladesh is the only sector where the growth is remarkable. Our partner companies across the world are really impressed with the phenomenal progression. They speak very high about the developments and activities happening in the Bangladesh pharma manufacturing industry. SAKA International has exhibited consistently at ASIA PHARMA EXPO since its first edition in 2003. More than 20 foreign partner companies and 65+ guests from foreign are exhibiting under Saka International Pavilion during ASIA PHARMA EXPO 2024 and all of them are more than satisfied ever before.

**Mr SA Khan**  
**SAKA INTERNATIONAL**

I personally cover Bangladesh pharma manufacturing industry for more than 25 years, and have witnessed the market growth which is unbelievable. The Bangladesh pharma industry is an exceptional, in terms of quality of products, manufacturing plants, professionals, overall the entire ecosystem- Bangladesh Association of Pharma Industry, Government support and the high quality ability of the entrepreneur which have nurtured the growth of the industry ensures very bright future for Bangladesh and for the world as well to get the affordable and quality medicines. ACG wishes to continue the 30 years old partnership with the Bangladesh pharma industry as one of the biggest suppliers. I am happy to say that ACG has long history with ASIA PHARMA EXPO since its launch in 20023, and exhibiting in all editions of this Exhibition. ACG enjoys great relationship with ASIA PHARMA EXPO and is one of the great partner of the Exhibition, which always offered us a right business platform to take off in Bangladesh market, and subsequently started ACG office locally in 2014.

**Mr Shankar Gupta**

*I am very much impressed with ASIA PHARMA EXPO happening at BANGLADESH, and we are exhibiting here since 5 years regularly. The future of the Bangladesh pharma manufacturing is going up and that's why ROMACO KILIAN is here at this Exhibition.!*

**Mr Peter Willi Heyn**  
**ROMACO KILIAN GMBH**

*ASIA PHARMA EXPO is the biggest gathering of pharma manufacturing industry that attracts us to exhibit since 10 years, as we can meet most of our clients in 3-days.*

**Ms Haily**  
**AIRKEY ENVIROTECH CO LTD**

*The growth of the pharma manufacturing in Bangladesh is amazing in last decade. We are part of the ASIA PHARMA EXPO Exhibition since its launch show and we can meet all of our clients during 3-days as we are supplying them since 1980s. The Exhibition – ASIA PHARMA EXPO annually brings the entire pharma manufacturing fraternity of Bangladesh at one place. At the same time, the international suppliers from more than 33 countries are also exhibiting, which make this truly an international event at our doorsteps. Hearty congratulations to the Organizers of the ASIA PHARMA EXPO.!*

**Mr Khan Mohammad Fazal E Alahi**  
**PRECISA TECHNO TRADE**

*We participate at ASIA PHARMA EXPO at Bangladesh every year as the industry is growing very fast, and this new Venue is fantastic which attracts more trade professionals to attend and offers an ease for exhibitors to meet and discuss the business in more comfortable way. Overall the Exhibition is very good.!*

**Mr Inayat Khan**  
**SIGNET EXCIPIENTS PVT LTD**

Bangladesh pharma industry is one of the top markets in the world for growth, and we are very much excited to be in Bangladesh. Bangladesh

is such a vibrant and exiting economy to be here..There is a great appreciation for technology and over period of years, we have seen tremendous revolution in Bangladesh pharma manufacturing. Gansons has presence in Bangladesh since 50 years.! There is remarkable acceleration in last 10 years in local pharma industry. The local pharma companies are growing rapidly to trade globally. There is appreciation for good value, technology, productivity, efficiency, cost of production – these are the parameters that Bangladeshi companies are seriously focusing to produce internationally accepted pharma formulations. As originally being Bengali company, we are very much proud to support Bangladesh pharma manufacturing industry. We are very much impressed by the passion, level of energy, and vibrancy that exist in the Bangladesh market. All these bring us to be a part of ASIA PHARMA EXPO for many years.

**Mr Subrotto Benerjee**  
**GANSONS LTD**

I must thank to ASIA PHARMA EXPO for providing us such excellent business platform for business.

This Exhibition is the great event for Shanghai Tofflon and for entire industry to exchange the ideas and to introduce latest technologies. In past decade, we have contributed our experience, expertise and cutting edge technologies. We have witness huge growth in Bangladesh pharma industry in last five years and therefore, we are ready to invest continuously and shake hand and to make relentless efforts along with our local partner for the Bangladesh pharmaceutical industry.

Over period of years, I have witness the number and quality of exhibitors are increasing, which indicates that the Bangladesh pharma industry is eager to progress in quality consistency and country has great opportunity in forthcoming years.

#### **Mr Kishor Singh** **IDEAL CURES PVT LTD**

We have got 5th time opportunity to participate at ASIA PHARMA EXPO, and so far the experience has remained brilliant. This is

Exhibition is just like a gateway to the Bangladesh pharma industry and the right platform to showcase our advancements in technologies. We are already working with Bangladesh pharma industry for more than 25 years. Bangladesh pharma manufacturing has come a long way, and today with advance technologies and government policies in place, the Bangladesh pharma industry is in a greater way to move ahead.

#### **Mr Vinod Potupureddi** **KEVIN PROCESS TECHNOLOGIES** **PVT LTD**

ASIA PHARMA EXPO is an ideal business platform for pharma equipments, and we have been participating for last more than 20years in this

Exhibition which had always remained fruitful. I am closely working with Bangladesh market since 35 years, and noticeable growth and dynamism are observed - many new companies, new pharma formulations, many expansions, applications of automations - all these are going at a very rapid speed ensuring promising future of Bangladesh.

#### **Mr Ratan Singhania** **SINGHANIA TABLETTING**

The pharmaceutical manufacturing of Bangladesh is highly prospective and offers enormous opportunities to supply the machineries at affordable cost. ASIA PHARMA EXPO exhibition plays the role of catalyst in the growth of the business of technology solution providers and developing the local pharma manufacturing in Bangladesh.

**Mr Arun Shukla**  
**VISHWAKARMA ENGINEERING**

The growth and developments taking place in the Bangladesh pharma manufacturing is fantastic. ASIA PHARMA EXPO 2024 is our first time participation, but our experience has remained fantastic and forces us to repeat or present in the next edition. We are glad to receive an excellent response from all the customers.

**Mr Biswajit Mishra**  
**TARSONS PRODUCTS LTD**

The pharma manufacturing in Bangladesh is constantly growing and upcoming very fast. It is progressing in a constructive way in last decade, and the upcoming pharma projects will take the Bangladesh pharma market to next level, offering great opportunities for the local pharma companies and people to grow further.

We have very positive response at our booth, which will give us more opportunities to work with Bangladesh in long way. We have been exhibiting for more than eight years at ASIA PHARMA EXPO, and the Exhibition is also growing remarkably in terms of quality participation. The decision makers and professionals from major all the pharma manufacturing are attending here, which make this Exhibition good business platform to showcase our machineries and technologies.

*The experience by exhibiting at ASIA PHARMA EXPO has always remained fantastic, as the supplier companies from so many countries exhibit here and major all decision makers and the trade professionals from entire pharma manufacturing industry of Bangladesh attends this Exhibition, make our participation more important for our business and international business relations, also.*

**Mr Sheikh Mizanur Rahman**  
**CONFIDENCE TRADE LTD**

*In our first ever participation at ASIA PHARMA EXPO 2024, we had lot many interactions with the visitors from the Bangladesh pharma industry, and we are really happy with the response. Many Bangladeshi pharma companies are exporting their pharma products exporting to Europe and other countries and they are looking for highly quality for the regulated markets. Our products are meeting the requirements in their production for various applications. Bangladesh pharma industry is quality conscious and we are happy to share our experience with the pharma manufacturing professionals*

**Mr Leandro Pastor**  
**VENAIR IBERICA**

*The Exhibition – ASIA PHARMA EXPO, we can meet all of our clients at place and therefore, we are continuously exhibiting since 2010 in all the editions of this Exhibition. This is the largest most business gathering for Bangladesh Analytical and biotech industries.*

**Mr Abul Sayem**  
**METROHM MIDDLE EAST**

The pharma manufacturing in Bangladesh is developing and ensure a very bright future for the nation and its economy

through more and more exports of the pharma formulations across the world. An outstanding experience we have received in all three time exhibiting at ASIA PHARMA EXPO exhibitions.

**Mr Nur Ahmmead Bhuiyan**  
**PATHFINDER GLOBAL**

The pharma manufacturing in Bangladesh is growing rapidly as compared to other countries in Asia.

There are several new projects are coming up in Bangladesh offers good business opportunities for technology solution and the material providers. ASIA PHARMA EXPO provides us an excellent opportunity to work with the pharma manufacturers of Bangladesh to enhance their pharma production process.

**Mr Darshan Gandhi**  
**AMI POLYMER PVT LTD**

Bangladesh pharma industry is growing and we have got an excellent response. We are very happy to be here in our participation at the ASIA

PHARMA EXPO 2024 Exhibition, as we have come across with lot of prospective clients which may lead us to do business with them. We have already having existing business relations and they are quite happy with us. Overall the Exhibition is great and I am sure we will expand our footprint in Bangladesh. This exhibition brings all major prospective customers and also the local business associates which help us to take our business in next level. The Exhibition is the great show, very well organized. I am very much happy.!

**Mr Chirag Shah**  
**GENEX PHARMA**

Bangladesh pharma industry is growing very fast and provides business opportunities for all the segments of suppliers. ASIA PHARMA

EXPO offers very good exposures to our products, and we are participating for more than five years. This Exhibition attracts our clients to visit us everytime.

**Mr Suvojeet Dutta**  
**BOROSIL**

We are already exhibiting regularly at ASIA PHARMA EXPO, Bangladesh Exhibition since several years. I appreciate the efforts put in by the

Organizers that the professionals from all the pharma companies are available at this Exhibition and no is left out. The Bangladesh market is very promising and at Exhibition, buyers can explore from API to pharma machineries and materials. So the attendees step in your booth is a good number and we are confident that any single attendee will not leave a single corner without visiting a booth, which gives us overall a satisfactory experience for our participation.!

**Ms Minu Pathak**  
**BOWMAN & ARCHER PHARMA**  
**MACHINES INDIA PVT LTD**

I am one of the proud exhibitor exhibiting at ASIA PHARMA EXPO since its launch in 2003. This Exhibition happening annually at Dhaka and

the only international event offers business platform for all the departments of the pharma manufacturing and also the largest most 3-days get together for all the stakeholders of the pharma manufacturing of Bangladesh at one place.

**Mr M A Baten**  
**INTERSCIENCE TECHNOLOGIES**

The response during ASIA PHARMA EXPO 2024 Exhibition from our clients to us is an overwhelming. Even though this new Venue is slightly far from the city, however, an impressive gathering from the pharma manufacturing fraternity during all 3-days. We could able to meet the professionals from R&D, QC Dept, Purchase Dept, as well.

**Mr Md Milonuzzaman**  
**CONNELL CALDIC**

It is always to be fantastic to be here in Dhaka and specially at ASIA PHARMA EXPO Exhibition. Our customers are always special for us and therefore, we are doing more and more business in Bangladesh. We appreciate to be here at Exhibition and in Bangladesh to offer our service. Our company is here at ASIA PHARMA EXPO for 8 times,

**Mr Ingo Kuesel**  
**LB BOHLE MASCHINEN UND VERFAHREN GmbH**

I can see the phenomenal growth of ASIA PHARMA EXPO in last 10 years. As compared to previous years, against few international exhibitors,

today world has recognised the potential of the Bangladesh pharma manufacturing seriously, and therefore, technology solution providers from India, China, Europe, Japan, and many more countries have started joining this Exhibition to be a part of the local pharma manufacturing industry. ASIA PHARMA EXPO offers an excellent opportunity for the local buyers to experience the world class technologies and material at their doorsteps. Experience of exhibiting and the customer satisfactions are great, as they are always eager to know about the latest trends in pharma manufacturing and how they can progress further.

**Mr Rohan Rastogi**

ASIA PHARMA EXPO exhibition is the single largest platform to bring together pharma professionals on one platform during 3-days, and during this period, we remain busiest to attend their queries and share the information, however, it remains very effective for all of us. A remarkable presence and response from pharma professions are being experienced. All these are the major factors which bring us to participate at ASIA PHARMA EXPO for last five years.!

**Md Habibur Rahman**  
**MEDISOL**

There is huge potential in the pharma manufacturing industry of Bangladesh with more than 15% industry growth rate, and we are closely looking for working together with the local industry. In the recent years, we have observed lot of acceptance and potential for the Indian pharma machineries by the Bangladesh pharma manufacturing as compared to European companies in earlier years. Many thanks to the Organizers of the ASIA PHARMA EXPO for providing such a resourceful trade platform.!

**Mr Apurva Shah**  
**TSA PROCESS EQUIPMENTS PVT LTD**

Bangladesh pharma manufacturing growing rapidly and now already focusing on the international markets supports fantastic growth for the local industry.

We are participating at ASIA PHARMA EXPO since six years and always we have received an excellent response from the customers. Although the new venue of the Exhibition is far off, but the quality and number of the attendees are quite impressive.

**Mr Fakhru Alam**  
**INGENIOUS RESOURCES**  
**PHARHOME TRADING**

Bangladesh is set on good growth pattern and the Bangladesh pharma market is gaining its competency day by day, which a very good sign, as it signals the pharmaceutical industry of Asia, as well. The pharma industry is growing in leaps and bounds and we hope very bright future for Bangladesh.

We are participating at ASIA PHARMA EXPO Exhibition for more than a decade, as this Exhibition is an excellent platform to meet all of our clients at one place. It also gives us an opportunity to strengthen our bonds with the industry. It has always remained highly successful participation for us.

**Mr Paresh Sharma**  
**PARLE GLOBAL TECHNOLOGIES**

In this our first time participation at ASIA PHARMA EXPO 2024, the overall response is satisfactory. The pharma manufacturing industry is growing very fast and offering vast opportunities for business with Bangladesh.

**Mr SK Paul**  
**SPECTRUM FILTRATION**

The API manufacturing industry of Bangladesh rapidly growing, and has immense potential for the API machinery manufacturers.

Bangladesh has vast potential in API manufacturing and I am sure will be progressing very fast in this segment as well. I appreciate the encouragements from Bangladesh government for the emphasis on API manufacturing locally. Now world has started looking at Bangladesh with high prospective for manufacturing API ad also as emerging supplier of API products. We have been exhibiting at ASIA PHARMA EXPO and operating in Bangladesh since 2016 and we are happy by getting positive results and doing great business.

All the attendees were happy to meet us at ASIA PHARMA EXPO 2024, Bangladesh Exhibition to collect the information about

products of RADWAG Poland which is being represented by us. I am proud that all large scale 20 companies of Bangladesh are buyers of our equipment.

**Md Abul Kalam Azad**  
**MATRIX TRADE CORPORATION**

I am happy to learn that many of the pharma companies from Bangladesh have got registered with US-FDA, and

exporting their pharma products to US market which is considered as one of the toughest markets in the world. So may be as country it appears a comparatively small, but Bangladesh pharma industry will be going to play significant role in South Asia. We are happy to be at ASIA PHARMA EXPO 2024 repeatedly and could able to meet our existing and prospective clients face to face, as we look forward for long term business relationship with Bangladesh, as pharma industry of Bangladesh is advancing ahead as Super Power industry segment in the country, and we wish to be a partner in this great development. We are accepted as quality products manufacturer and already supplying our products to all the major companies in Bangladesh pharma industry.

**Mr Manoj Patil**  
**RAVIRAJ FOILS**

Bangladesh pharma manufacturing has immense potential through state of the art manufacturing facilities, the level of

knowledge, all these are times ahead what we see. The market dynamics are growing very fast and acceptance of the products is noticeable, as the technologies we offer is being acknowledge by the local industry. This is our first time exhibiting at ASIA PHARMA EXPO in 2024, but looking to the Bangladesh pharma market where there is huge scope and the needs for to cater our products, the local buyers, and business is growing massively, we are so happy and excited to be part of ASIA PHARMA EXPO 2024, Bangladesh Exhibition.

**Ms Mansi Arora**  
**KERRY INGREDIENTS INDIA PVT LTD**

Since the launch of ASIA PHARMA EXPO in 2003 at Dhaka, ELECTROLAB has consistently participated in all the editions. We have seen the whole evolution of the Bangladesh pharma manufacturing which has scaled up remarkably in last 20 years. With pleasure, we are proudly working with the Bangladeshi pharma companies. The high importance is given in pharma research in Bangladesh, and the regulatory standards compliances meeting the international standards taking the local pharma manufacturing to global level.!

**Mr Shrikant Joshi**  
**ELECTROLAB INDIA**

We know the Organizers and the Exhibition – ASIA PHARMA EXPO for a long period and since seven years, we are

exhibiting here o regular basis. We are proud of and appreciate the Team of Organizers of ASIA PHARMA EXPO, as it is most important for our country and Bangladesh pharma manufacturing industry as well. The Bangladeshi pharma industry is strong and very fast growing sector in the country, offers enormous opportunities to work with.

**Mr Md Mozammel Hoque**  
**MNR TECHNO TRADE**

Pharma manufacturing is one of the most important industry for Bangladesh. The Bangladesh pharma

companies are marching ahead as global suppliers in the regulated markets for the pharma formulations.

This is our first ever presence in ASIA PHARMA EXPO 2024 Exhibition, and we have got very good exposure. We feel extremely good as the entire Exhibition is well organized and we could able to meet all of potential customers at one place in three-days. The Exhibition has provided us an excellent business forum to represent our organization and entire product range and to meet our clients, as well. We had important meetings with top rated buyers through our local Business Associate.
